TRAINING ANNOUNCEMENT

Leadership Development and Organizational Effectiveness Program (2nd Pilot Session)

- Dates:** 21 through 23 April 2015
Time: 0800 to 1600
Location: Southern Maryland Higher Education Center, Building II, Room 135
44219 Airport Road, California, MD 20619
Provided by: Corporate Warrior Consulting
Cost: No Cost

Course Description:

This training takes an integrated, applied approach to enhance both personal and team leadership and organizational effectiveness. ***Transformational Leadership*** will be defined and specific behaviors identified as key determinants of leadership success. Specifically, attendees will learn to inspire through...

- Vision
- Communication
- Consideration
- Modeling
- Stimulation
- Individual Responsibility

While Transformational Leadership draws upon educational and behavioral domains, ***Corporate Leadership*** focuses primarily on leadership styles. Autocratic, bureaucratic, democratic, and laissez-faire leadership styles will be compared and contrasted to help attendees to choose/implement styles to help them to perform and execute at their best, especially in challenging situations. The CWC ***“Top 10 Principles of Leadership”*** will be offered to enhance individual, group, team, and organizational performance.

Participants will be provided a framework for organizational effectiveness (including basic principles of managing change) and will have the opportunity to develop a list of their core values, their mission statement, and a description of their desired future. ***Progressive Leadership*** will be highlighted on the final day of the training. At the core will be an in-depth discussion of management innovation and the “people practices” of highly innovative companies to drive consistent, high level employee productivity and long-term organizational success.
