

Financial Concepts for Logisticians

There are twelve (12) seats available for the April 16 offering of the Financial Concepts for Logisticians class. If interested, register for the class through the NAVAIR University:

<https://navairu.navair.navy.mil/>

Those registered will be notified when the brief for this class is available to be printed. Information on the class is provided below.

College of Logistics & Industrial Operations

Class Number: CLIO-60-112

Title: Financial Concepts for a Logician

Description:

This course is designed to help a logistician understand their role in the funding of the program they support as an IPT member. The course provides an overview of the acquisition life cycle and the funding to support each phase. The student will be introduced to the role AIR-6.0 plays in managing certain accounts. The goal is for the logistician to be more confident in working with their BFM to support and defend their logistics funding requirements.

Prerequisites:

ACQ 101 (Fundamentals of Systems Acquisition Management); SYS 101 (Fundamentals of Systems Planning, Research, Development, and Engineering); LOG 101 (Acquisition Logistics Fundamentals); LOG 102 (Fundamentals of System Sustainment Management); LOG 103 (Reliability, Availability, and Maintainability (RAM)); CLL 008 (Designing for Supportability in DoD Systems); CLL 011 (Performance Based Logistics (PBL))

Target Audience:

Logisticians assigned to program teams and competency members
