Title: Financial Concepts for a Logistician

College: CLIO

School: None

Program of Study: None

Description: This course is designed to help a logistician understand their role in the funding of the program they support as an IPT member. The course provides an overview of the acquisition life cycle and the funding to support each phase. The student will be introduced to the role AIR-6.0 plays in managing certain accounts. The goal is for the logistician to be more confident in working with their BFM to support and defend their logistics funding requirements.

Prerequisites: ACQ 101 (Fundamentals of Systems Acquisition Management); LOG 101 (Acquisition Logistics Fundamentals); or DAWIA Level 1 certification preferred, if not, contact course administrator for permission.
