

## VIRTUAL EDUCATION FAIR

The DoD is committed to making higher education accessible for service members. In support of that commitment, the DoD Voluntary Education Program will host its first Virtual Education Fair where representatives from participating schools will be available via live chat. This venue will enable individuals to participate from anywhere in the world and get the needed information to help reach education goals. The fair offers an informative, pressure-free experience, with the following information available:

- Which schools have signed an agreement with the DoD to provide a quality education to service members and military spouses
- Financial aid options to help defray the cost of education
- Degree and certificate program offerings
- Cost of Tuition and Fees
- Post 9/11 GI Bill benefits

### **Event Details:**

Date: Thursday, 19 November 2015

Time: 0800 – 1800 (EST)

Registration: <http://www.dodeducationfair.com>

During and after the fair, there will be access to the following prerecorded sessions:

- Top High-Growth Career Fields and Degrees
- Resources for Choosing a School
- Bridging Education and Credentialing
