DATE SUBMITTED: 19 JUL 98

PROBLEM:

Secondary MOS for those assigned to W/C 990.

DISCUSSION:

Because of the vast diversity and lack of an MOS structure associated with Work Center (W/C) 990, the requirement, at a minimum, a secondary MOS is both practical and important. With the assignment of a secondary MOS, it would allow a command to identify personnel that have Mobile Facility (MF) experience to meet the maintenance requirements and repair of W/C 990, until proper restructuring of the MF Program is in place.

RECOMMENDATIONS:

Request MOS be added to CMC Manpower MOS requirements with detailed MOS billet description.
