

# MF Program Action Item

Action Item Number: 2011-122 Date Submitted: 05/05/11 Submitted By: 2nd MAW

**Problem/Project Description:**

MF Tool does not allow the Units or Wing the ability to assign MFs to various CSPs within their command IAW MCO 13670.1 pg 9 par 4.b.  
(Submitted in Mar 2010 originally, AI # 2-206)

**Recommendation:**

Change MF Tool to allow units the ability to assign their TBA assets IAW the MCO 13670.1A pg 9 par 4.b

**Status/Course of Action:** (Funded  Yes  No  N/A)

05/17/11 - The Program Office is in the process of the design/ development of a common MFTool database, to be located within the NMCI 'bubble'. Applicable open AIs will be reviewed, and based on requirement, considered for incorporation in this new effort. All MFTool AIs will remain open until completion and fielding of the new database to prevent duplication of effort.

06/14/11 - Currently the MFP assigns the assets to a CSP according to the TBA. What the fleet is asking is much larger than they realize. Inaccuracies would only increase by having the fleet take this on. I have held some conversations concerning this and I have set in motion a means by which to validate this requirement. Unfortunately revealing this effort would alter it's results. I will release all information once I have reviewed the results.
