

NAVAIR will be hosting a Risk Management Course on Wednesday, 9 March 2016, at Frank Knox School, building 2189, from 0800-1600. There are still seats available. This course does not require any prerequisites, and there is no fee.

#### OBJECTIVE

At the completion of this one day course, a student will know the fundamentals of the Naval SYSCOMs policy for risk management, understand the risk management process steps, be able to define and identify risks, be able to prioritize risks and develop effective mitigation strategies and lastly understand the role of the NAVAIR and Aviation PEO organizations in conducting a Risk Management Program.

#### REGISTRATION

To register for the course log on to the NAVAIR University online portal at <https://navairu.navair.navy.mil>. Go to the Classes tab and search for CORE-411-103. You must have created a NAVAIRU account to sign up for classes through the portal.
