ACTION ITEM

ACTION ITEM NO.: 1-116

DATE SUBMITTED: 04/18/07

SUBMITTED BY: AS1(AW) Ken White, Expeditionary Logistics Unit ONE

PROBLEM: Mobile Facility S/N's MWK-087 and MWK-107 were reconfigured in 1999 by NAWC Crane. They are no longer identified as FE-04/05 configurations. The MF program was not sent any information on the reconfiguration. They are listed in the MF program data base as a BF-07A & BF-08B. ELU-1 never received the drawings on these new configurations from NAWC Crane.

RECOMMENDATION: Request engineering drawings for Mobile Facility S/N's MWK-087 and MWK-107.

STATUS: 5/23/2007 ACCEPTED -- Will be addressed by North Island Engineering.
06/18/07 - NAWC Crane does not send the MF Program Engineering drawings, sketches or anything else. If they are making MF drawings, they should be sent to the Program. The Program Office should discuss this with Crane. This is not a technical issue, it is a program issue.
01/29/09 CLOSED -- ELU-1 is turning in all MFs due to closure.

ACTION AGENCY: MF Program Office
