

MOBILE FACILITY PROGRAM REVIEW  
ACTION ITEM

ACTION ITEM NO.: 1-122

DATE SUBMITTED: 04/28/08

SUBMITTED BY: MGySgt McCutcheon

**PROBLEM:** Currently MFs do not have tactical lighting options while forward deployed or aboard ship. This prevents the ability to use light discipline. Other companies have incorporated this technology into their versions of facilities and the ability exists to provide this to the fleet.

**RECOMMENDATION:** Obtain fleet recommendation of if this requirement is necessary. If so, perform engineering required to obtain cost estimate for both newly built/refurbished MFs and requirements for a retrofit of existing fielded units.

**STATUS:** 04/28/08 ACCEPTED--Additional input required from the fleet and engineering.

05/28/08 CLOSED--Lack of fleet interest.

**ACTION AGENCY:** MF Engineering
