

ACTION ITEM NO: 2-131

DATE SUBMITTED: 10 JUN 98

SUBMITTED BY: CG FIRST MAW MFC

PROBLEM:

IMRL/ATE Designation.

DISCUSSION:

IMMRL Managers are constantly redistributing and "shuffling" test sets, support equipment, and other assets to fix their support issues (Broad Arrow, shortages, temp loan, etc.). Conflict occurs when IMRL assets are "hard mounted" within a MF, because those items are not designated in IMRL records as MF dependent.

RECOMMENDED ACTION:

Coordinate with IMRL Managers to identify and annotate all MF dependent SE within their working documents.

STATUS: 29 JUL 98

Closed. The Logistics Review Group (LRG) Steering Committee held at JRB Ft. Worth, Texas on 29 Jul 98 request coordinate with local IMRL Manager and/or MF Coordinator at local level.
