

ACTION ITEM NO: 2-164

DATE SUBMITTED: 15 JUN 99

SUBMITTED BY: CG FIRST MAW

PROBLEM:

L-Class Ship, Mobile Facility (MF) Support

DISCUSSION:

MF support aboard L-class ships has been addressed in various meetings since CY-96 due to the installation of CASS. The current "plan" is to move o-level work spaces into some configuration MF (HD-03, ST-01?) using the current EETS van location. It is also understood that the ship will "own" the MFs hence they no longer come under MF Program requirements.

RECOMMENDATION:

Request final determination of "plan" and establishing/distributing a POA&M.
