

MOBILE FACILITY PROGRAM REVIEW
ACTION ITEM

ACTION ITEM NO.: 2-171

DATE SUBMITTED: 28 AUG 2003

SUBMITTED BY: MARFORLANT

PROBLEM: "Administrative Control of Mobile Facilities." At the MALS and MAW level, the specific billet of Mobile Facility Coordinator is assigned to a Marine other than the Avionics Chief. At the MARFOR level, however, the billet of MFC is assigned to the AVC. Typically, the MARFOR AVC is charged with myriad duties, staff related, occ field related and MF related.

Invariably, the AVC (MOS 6391) assigned as the MF Liaison (PWC NORVA and NADEP NORIS) is involved in all MF transactions to some extent. This Marine is assigned to a billet peculiar to the MF Program without the regular duties of other AVC's. This Marine is well suited to perform all things germane to the efficient management of the MF program and the program would be well served by assigning this Marine the billet of MFC.

RECOMMENDATION: Grant DIRLAUTH to the MF Liaisons to function as MFC and conduct business with the MAW's. This Chain of Command would benefit the MF program.
