

**MOBILE FACILITY PROGRAM REVIEW  
ACTION ITEM**

**PROBLEM:** The Aviation Logistics Information Management and Support (ALIMS) Department TBA allowances for Mobile Facilities (MF) do not support the requirements placed on ALIMS to support and repair Aviation Logistics Information Technology (AVLOGIT) requirements.

Specifically there is not enough environmentally controlled storage space for networking switches, spare servers, or computers, laptops and printers in the maintenance cycle.

**RECOMMENDATION:** Request adding one MF configuration similar to SU-08 to AIS CSD.

This MF will require a minimum of the following characteristics:

One desk, with locking drawers for record keeping of all parts and equipment issued.

All remaining usable space should contain wall lockers, with locks for storage of environmentally sensitive electronic equipment.

Chair to support desk.

STATUS: Open
