

ACTION ITEM NO: 3-74

DATE SUBMITTED: 15 JUN 99

SUBMITTED BY: CG THIRD MAW

PROBLEM:

SEB 670.

DISCUSSION:

California EPA restrictions limits the total quantity of material used at unpermitted paint sites to 20 Gallons a year. SEB 670 uses about half gallon of paint and primer per Mobile Facility. This limits the number of SEB 670 being able to be done per year to 40, in turn, limiting the total number of SEB 670 being able to be complied with by the rescinded date, to approximately 80. Currently, MALS 39 has 200 MF's requiring SEB 670. Currently, MALS 11 has 500 MF's requiring SEB 670.

RECOMMENDED ACTION:

Extend SEB 670. Fund the building of a paint booth of ample size to be used for painting Mobile Facilities. Consolidate the SEB 670 effort within Southern California (i.e.: one place all Mobile Facilities could be sent to have the SEB incorporated).

NEW ACTION AGENCY:

NAWCADLKE (Code 3.1.4.4)

Open. During open-forum discussions at the Logistics Review Group (LRG) Meeting held at M.C.A.S. Miramar on 15 Jul 1999, NAWCADLKE Code 3.1.4.4 stated it will extend rescission date of SEB 670 until 31 Dec 2002, to be published.

Also, NAWCADLKE Code 3.1.4.4 requests all Fleet Activities to complete SEB 670 Part 1 (caulking process), prior to 31 Dec 2000 in order to provide an imperative corrosion barrier and follow-up with completion of SEB 670 Part 2, (painting process), prior to the extended rescission date of 31 Dec 2002.

In regards to funding the building of ample size paint booths (for the painting of (MF)'s), during the same open-forum (LRG) SEB 670 discussions, it was suggested to contact Code P2 for possible available funds for this effort and/or re-submit paint booth requirements to the proper TYCOMS Chain-of-Command.

In regards to consolidating the SEB 670 effort within Southern California (i.e. one place all Mobile Facilities could be sent to have the SEB incorporated), the (LRG) open-forum agreed it is not a cost-effective method/suggestion but rather to maintain utilization of respective cognizant Fleet Activity areas in order to incorporate the required SEB 670.

COMPLETION DATE:
