

ACTION ITEM NO: 4-10

DATE SUBMITTED: 10 JUN 98

SUBMITTED BY: CG FIRST MAW MFC

PROBLEM:

CSC School Seats.

DISCUSSION:

FIRST MAW has a unique disadvantage in obtaining CSC School seats. We are simply too remote to make a phone call and "launch" personnel. Further complications arise due to turnover rate, UDP cycle, and one year tours. FY98 school schedule did not reach 1st MAW until mid-January, and consequently nearly all seats were taken. MTT scheduled in January at Kadena AFB, was already underway and full when school schedule was received. 1st MAW attempted "normal" channels to MCCDC, via MEF and MARFORPAC G-3 without success. MARFORPAC ALD is working to set up MTT for FY99, but a question of "cost effectiveness" exist.

RECOMMENDED ACTION:

Command/Program assist requested. Obtain a minimum of 4 quotas per FY for 1st MAW. I can fund and guarantee utilization if provided. ...Or assist in establishing an MTT every other year for 1st MAW to meet CSC requirement.

STATUS: 29 JUL 98

Closed. COMMARFORPAC took for action during the Logistics Review Group (LRG) meeting held at JRB Fort Worth, Texas on 29 Jul 98.
