

MOBILE FACILITY PROGRAM REVIEW
ACTION ITEM

ACTION ITEM NO.: 4-20

DATE SUBMITTED: 06/27/07

SUBMITTED BY: MALS-16

PROBLEM: Training for TQGs. Marines who had previously received training for the TQGs are no longer with the MALS MF Program. The current training is off-site. Personnel would have to go TAD to the site, costing the Command extra money and time.

RECOMMENDATION: Stand up a mobile training team that would travel to the different commands to provide the necessary training as they receive the TQGs.

STATUS: 03/01/08 There is no requirement for a mobile training team. When a site/unit receives the tactical quiet generator all they have to do for training is request a Technical Assistance Visit from NATEC. NATEC has qualified instructors who's purpose is to go out to the fleet and do these kinds of training events. Click on link to see sample message.

05/29/08 CLOSED--Training available
