PROBLEM: In October 2008, the Maintenance Requirements Cards (MRC) deck, NA 19-600-152-6-2, was replaced. On the title page of the MRC deck are listed all applicable Type Equipment Code (TEC)s. However when the MRC deck was replaced, two TEC were no longer listed (GMJW and GMJX) and there was a new TEC listed (GMJH). Since this is a MRC deck and not a maintenance manual, there is no direction given on what to do about these three TECs. Do Mobile Facilities (MF) with the TEC GMJW and GMJX now has the TEC GMJH?

RECOMMENDATION: Provide instruction for assignment of new and deletion of old TECs.

STATUS: CLOSED –TECs GMJW and GMJX were found to be valid but for MF's that aren't in AUTOSERD (that's why they were deleted from Oct 08 MRC)
– TECs GMJW and GMJX will be restored to the MRC (ECD: 15 Jun 09)
– TEC GMJH was valid but deleted in 1993. Need to confirm if fleet still has MFs with this TEC
