

MOBILE FACILITY PROGRAM REVIEW
ACTION ITEM

ACTION ITEM NO.: 7-48

DATE SUBMITTED: 02/27/09

SUBMITTED BY: MALS-41

PROBLEM: Since December 2008, MALS 41 has attempted to purchase elements of the Mezzanine system with no positive results. MALS 41 contacted AAR Mobility Systems about the requisition of the required items. We have not received a quote or reply. AAR Mobility Systems has states "they are waiting on a quote from their vendor". MALS 41 has a shortage of Mezzanine system elements.

RECOMMENDATION: Recommend MF Program find another provider for Mezzanine system and purchase a compliment of Mezzanine systems. If complete or components for a Mezzanine are required, the units can purchase the items from the Mobile Facilities configuration sites. Second recommendation would be for the MF Program Office request through the MARFORs to send all unused Mezzanine components to the MFCS's. From there, the assets will be distributed as required to the fleet. Each unit requiring an asset must request the asset, via naval message, through their MARFOR to the MFCS

STATUS: 05/01/09 ACCEPTED -- NAWCADLKE to research alternate providers of Mezzanine systems and purchase as required.

ACTION AGENCY: NAWCADLKE
