

Gary K. Kessler
U.S. Navy
Executive Director, NAWCAD

As Executive Director for Naval Air Warfare Center Aircraft Division, Mr. Kessler is responsible for ensuring that business and financial objectives are met and the mission is executed safely and efficiently. In his role as Deputy Assistant Commander for T&E for Naval Air Systems Command, Mr. Kessler is responsible for the appropriate implementation of policy and guidance of Test and Evaluation matters emanating from the offices of Commander, Vice Commander, and Deputy Commander in addition to the successful execution of Test and Evaluation throughout Naval Air Systems Command.

Mr. Kessler was promoted to the Senior Executive Service in 2006 and has 28 years of Federal Service. He served as the Deputy Program Executive Officer for Unmanned Aviation in the Program Executive Office for Unmanned Aviation and Strike Weapons PEO-U&W from 2007 to 2010. As the Deputy Program Executive Office for Unmanned Aviation, Mr. Kessler was responsible for the direction of all Navy and Marine Corps Unmanned Aviation programs including endurance, tactical, combat and joint Unmanned Air Vehicles programs, and the Navy's targets and decoy systems programs. He was the Chairman of the NATO Joint Capability Group on Unmanned Air Vehicles, which oversees NATO Unmanned Aviation Systems acquisition, and collaboration of Unmanned Aviation Systems issues among all NATO countries.

Mr. Kessler served as the Director for Flight Test Engineering from 2006 to 2007, where he served as the Chief Flight Test Engineer for Naval Aviation. He managed and directed more than 800 engineers and engineering technicians performing integrated systems evaluation, experimentation and test across three sites within the Naval Air Systems Command.

Other assignments: Principle Deputy Program Manager for the Precision Strike Weapons Program Office PMA-201(2003); E-2 IPT Lead PMA-231 (2002); F/A-18 Deputy Program Manager for Systems Development PMA-265 (1999); F-14 Precision Strike IPT Lead PMA-241 (1993); Carrier Suitability Flight Test Engineer (1982).

Mr. Kessler graduated Cum Laude from the University of Maryland in 1982 with a bachelor's degree in aeronautical and aerospace engineering. He received his master's degree in business administration in 1987. He is a graduate of the Defense Systems Management College, the Senior Executive Management Development Program and the Leadership Maryland Program. Personal awards include the Secretary of Defense Superior Management Award, FCT Program Manager of the Year, ANA Edward H. Heinneman Award, and the Meritorious and Superior Civil Service Awards.
