**ATTENTION-IMPORTANT MODIFICATION NUMBERING INFORMATION:**

Bilateral Modifications issued by the Department of Defense agencies are no longer assigned an official "P0000" number until the contracting officer has released/signed the modification. This change is a result of the Defense Finance and Accounting Service (DFAS) Business Management Modernization Program (BMMP) requirement that modifications are to be released in numerical order without skipping any "P0000" numbers.

To accommodate this change the Standard Procurement System (SPS) now assigns a unique Modification Control Number (MCN) to each modification when it is created. The MCN was established for contractors to track the approved version of the modification. This number, unique to the modification, is included on both the draft modification and the released/signed modification. The MCN can be found in Block 14 of all modifications. The use of the MCNs ensures DFAS only receives modifications in numerical order.

**CLAUSES INCORPORATED BY FULL TEXT****5252.211-9504 LEVEL OF EFFORT (TIME-AND-MATERIALS AND LABOR-HOUR CONTRACTS)  
(NOV 1999)**

(a) Task orders shall establish an anticipated level of effort (projected man-hours) for each CLIN or SLIN and a Ceiling Price for that task order. The ceiling price shall be the sum of: (1) the projected prime Contractor hours multiplied by the appropriate hourly rates prescribed in the schedule; and (2) the estimated amount of materials priced in accordance with the clause entitled, Payments Under Time-and-Materials and Labor-Hour Contracts, including estimated subcontract costs calculated in the same manner as the prime Contractor using the subcontract price schedules.

(b) The Contractor may use any combination of hours of labor categories listed in any single task order, if necessary to perform that task order. Labor categories not shown may not be used without a task order modification. The Contractor may use any combination of prime Contractor labor, subcontractor labor, and other material expense in accomplishing the statement of work within the limits expressed below.

(c) The NAVAIR clause 5252.232-9507, "Limitation of Funds - Time and Material and Labor-Hour Contracts", applies independently to each task order under this contract and nothing in this provision amends the rights or responsibilities of the parties hereto under that clause. In addition, the notifications required by this clause are separate and distinct from any specified in the NAVAIR 5252.232-9507.

(d) The Contractor shall notify the Procuring Contracting Officer immediately in writing whenever it has reason to believe that:

(1) The level of effort the Contractor expects to incur under any order in the next 60 days, when added to the level of effort previously expended in the performance of that order, will exceed seventy-five (75%) percent of the level of effort established for that order; or

(2) The level of effort required to perform a particular order will be greater than the level of effort established for that order.

As part of the notification, the Contractor shall provide the Contracting Officer a revised estimate of the level of effort required to perform the order. As part of the notification, the Contractor also shall submit any proposal for adjustment to the ceiling price that it deems would be equitable if the Government were to increase the level of effort as proposed by the Contractor. Any such upward adjustment shall be prospective only (i.e. will apply only to effort expended after a modification (if any) is issued.

(e) Within thirty days after completion of the work under each task order, the Contractor shall submit the following information directly, in writing, to the ordering officer, the COR and the Defense Contract Audit Agency office to which vouchers are submitted.

(1) The total number of man-hours of direct labor, including subcontract labor, expended and a breakdown of this total showing the number of man-hours expended in each CLIN or SLIN listed in the task order schedule, including the identification of the key employees utilized.

(2) The total labor price plus estimated total allowable material cost incurred under the task order,

(3) In the case of a cost underrun, the amount by which the task order amount may be reduced to recover excess funds.

(f) In the event that less than one hundred (100%) percent of the established level of effort for a task order is expended, the Government may require continued performance subject to the remaining obligation.

## Section C - Descriptions and Specifications

**CONDITIONS OF CONTRACT**  
**CONDITIONS OF CONTRACT**

- (a) Tasks hereunder which must be performed outside the Continental United States shall be subject to the provisions of OPNAV Instruction 5720.3D, and all other appropriate regulations, orders and instructions of the Secretary of the Navy, the Department of the Navy, or the Department of Defense. The Contractor shall instruct each representative to familiarize himself with the provisions contained in the aforementioned documents. Requests for certificates of identification and other credentials for Contractor representatives shall be made in accordance with said documents.
- (b) The Government shall have the right hereunder to order delivery of services for performance of tasks in areas which have been designated by the Department of Defense as subject to hostile fire, or at locations where the Contractor representative is subject to actual hostile fire as established and defined by current Department of Defense Directives. In the event of a deployment to a hostile or danger area that has been designated as such by the Department of State, compensation for danger pay will be in accordance with the rates and time periods established in the Department of State Index and applied to the salary of the representative.
- (c) Contractor representatives assigned to perform tasks hereunder at locations outside the Continental United States shall be accredited to the United States Navy, shall be given proper credentials and identification cards and shall be subject to such regulations as have been or may hereafter be issued by the United States Government regarding Contractor representatives serving with the United States Armed Forces in foreign theaters of operation.
- (d) To avoid unnecessary delays at the port of embarkation, the Contractor is responsible for ensuring that personnel designated to perform under this contract have the proper security clearance, passports and visas and have met the immunization requirements for the area to which they are assigned. Contractor personnel reporting for overseas assignments without the proper passport, visa, security clearance and/or inoculations are not considered to be fully qualified to perform their assignments. No compensation for services will be allowable under this contract until the time needed to process the above items is completed.
- (e) With respect to Contractor representatives not accompanied by dependents, Government quarters, if available, shall be utilized on overseas assignments (that are outside of the continental United States). Whether or not such quarters will be considered available shall be determined in accordance with the criteria set forth below:
- (i) Government quarters shall be considered available if accommodations suitable for a Commissioned officer are assigned.
  - (ii) The Government shall have six (6) weeks after the reporting date of an employee to assign accommodations suitable for a commissioned officer, in the event such accommodations are not assigned within the said (6) weeks, Government Quarters shall be considered unavailable.
  - (iii) In the event Government Quarters are made available after an employee has been utilizing commercial quarters for a period of six (6) weeks or more after the reporting date, the employee may elect to utilize such Government quarters, however, utilization of Government Quarters is not mandatory.
  - (iv) Notwithstanding (i) and (ii) above, in the event of occupancy of any Government quarters requested by an employee, the said Government quarters shall be considered adequate and available.
  - (v) Notwithstanding (i) and (ii) above, in the event of voluntary occupancy by an employee of furnished Government quarters for a period in excess of six (6) weeks, the said quarters shall be considered adequate and available.

(vi) Quarters furnished while embarked in a naval vessel shall be considered adequate and available.

(f) The Contractor shall have the right to remove or replace his personnel assigned to perform tasks hereunder pursuant to any order for services and to substitute other qualified personnel in lieu thereof, provided that such removal or replacement shall not be due cause for a break in services being furnished or additional costs to the Government and that such removal or replacement shall have been brought to the attention of the Commanding Officer, NATEC. Any removals or replacements for the convenience of the Contractor, including time of travel and training costs for replacement personnel, shall be at the Contractor's expense. The Contractor shall notify the Commanding Officer, NATEC approximately thirty (30) days prior to such change so that orderly processing of task description letter and related security and administrative details may be accomplished. Removals and replacements of Contractor personnel shall be at the expense of the Contractor except when such removal or replacement is for reasons as follows:

(i) Employees whose removal or replacement is necessitated by circumstances beyond the control of the Contractor, except employee resignations or walking off the job, shall be replaced at the current man day rate in the contract with no relocation expenses to the Government.

(ii) Employees removed as a result of task cancellation or completion of services hereunder. The Government will notify the contractor at least fifteen (15) days CONUS and 30 days OCONUS prior to the cancellation or termination of any task.

(iii) Removal or replacement of employees performing tasks hereunder who have been continuously performing tasks-under this contract, or the immediate prior NATEC technical services contract for the same task, at a single location for a continuous period of twenty-four (24) months CONUS and twelve (12) months OCONUS or more consecutive months.

(g) Upon any finding of unsatisfactory performance of the task by the inspector designated hereunder, the Commanding Officer, NATEC, may upon written notice of such findings to the Contractor, direct the Contractor to cease further performance of the task in whole or in part. Any entitlement to reimbursement for services performed pursuant to any order for services hereunder shall cease upon receipt of such notice by the Contractor. In the event a finding of unsatisfactory performance of the task is based upon an act or acts by Contractor employee or employees that, are unlawful; in violation of Government regulations, or that constitute habits or traits of character which are prejudicial to good order and discipline, the Contractor shall be permitted to replace such employee or employees or may be directed to do so depending upon the severity of the situation. Any instance of unsatisfactory performance that results in removal of the employee, the contractor shall replace the employee at the current man day rate in this contract. Such removal will not entitle the Contractor to reimbursement for travel or time of travel connected with such removal.

#### **MAN DAY RATES AND PER DIEM**

The Government will pay to the Contractor as full compensation for services rendered in performance of this contract, time and overtime rates listed in Section B (which rates are based on the following definitions), plus the various direct cost limitations listed in Section B as further qualified in other paragraphs of this Section C.

(a) **Straight Time:** A normally scheduled forty (40) hour workweek or a reduced workweek. A normally scheduled forty (40) hour workweek shall consist of five (5) eight (8) hour days per week. A week is a period of seven (7) consecutive days commencing on the first day of the normally scheduled workweek, Monday. A reduced work week shall consist of forty (40) hours less the amount of time off for vacation leave, sick leave, and/or any of the ten (10) holidays, provided however, such time off occurs on a day that the Contractor's employee's normally work. The man day rates for straight time shall cover all expenses, prorated vacation and/or emergency leave, sick leave, holidays (New Years Day, Martin Luther King Day, Washington's Birthday, Memorial Day, Independence

Day, Labor Day, Veteran's Day, Columbus Day, Thanksgiving Day and Christmas), applicable insurance of all kinds, general and administrative expense, salaries of personnel (including support personnel), and profit; excluding any and all costs which are directly reimbursable in accordance with other paragraphs of this section.

(b) Overtime is generally defined as work in excess of eight (8) hours in one day and work in excess of forty (40) hours in one week for the regular schedule, or in the case of the compressed work schedule (CWS), work in excess of ten (10) hours in one day and work in excess of eighty (80) hours in two weeks, not accounted for under (i) above, or work in excess of a reduced work week not accounted for under (i) above.

(c) Carrier Afloat Man-Day Rate: The contractor shall use a Carrier Afloat man-day rate in such a manner as to compensate individuals for sea duty that may occur (including any excess of eight [8] hours in a day or excess of five [5] days in a week). The Carrier Afloat man-day rate shall be billable on a man-day basis, Monday through Friday only. The Carrier Afloat rate is only used when the contractor's representative is providing services on a carrier while at sea; it is not used for services provided while the carrier is in port.

(d) Payment for Overtime - payment under this contract shall not include any amounts of overtime premiums, except to the extent that they either are:

(i) Approved in writing by Commanding Officer, NATEC, on behalf of the Government, or

(ii) Paid for the following type of work:

(1) Necessary to cope with emergencies such as those resulting from accidents, natural disasters, breakdowns of production equipment or occasional production bottlenecks of a sporadic nature;

(2) By indirect labor employees such as those performing duties in connection with administration, protection, transportation, maintenance, standby plant protection, operation of utilities or accounting;

(3) In the performance of test, industrial process, laboratory procedures, loading or unloading of transportation media, and operations in flight, which are continuous in nature and cannot reasonably be interrupted or otherwise completed; or

(4) Which will result in lower overall cost to the Government.

(e) Subsistence and Lodging for Temporary Duty (TDY) Assignments - will be paid to the Contractor at 95% of the daily amount for each assignment in accordance with the locations most recent Joint Travel Regulations and using the lodging and per diem rates published by the Department of Defense allowances. Receipts for lodging and associated per diem are not required. Receipts for all other reimbursable travel/assignment related items (ie., airfare, rental car, etc.) are required for basis of government reimbursement.

#### **DEFINITION OF MAN DAYS AND SERVICES**

(a) The services to be performed pursuant to any task ordered hereunder shall be accomplished during the period set forth in Section F of the Schedule, but the time of starting and ending performance of the task shall be as set forth in the order for services. For the purpose of this Section, the term "services" shall be considered to include:

(i) Any period during which a Contractor representative is delayed or prevented from performing any task ordered hereunder where and if such delay or nonperformance is the result of causes beyond the control of said representative or the Contractor.

(ii) Except as provided in the Clause entitled "Conditions of Contract", any time of travel with due celerity for Contractor representatives to proceed to the site or sites for the performance of tasks hereunder, for

transfer between task sites, and for return of such representatives to the Contractor's plant upon completion or termination of a task, including any period of waiting when and if such delay in travel, is the result of causes beyond the control of the Contractor's representative.

(1) Time of travel with due celerity, is defined as the time required for travel by commercial or Government aircraft unless either (a) transportation by commercial or Government aircraft is not available or (b) travel by other means is deemed to be in the best interest of the Government.

(2) If a task ordered under this contract requires services to be performed outside the Continental United States, the domestic rates specified in the Schedule are applicable to that portion of the time necessary for travel between the contractor's plant and the overseas site (that is outside of the continental United States) which is spent within the Continental United States.

(b) Vacation time and/or emergency leave, sick leave, the ten national and/or legal holidays (New Year's Day, Martin Luther King Day, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Veteran's Day, Columbus Day, Thanksgiving and Christmas), training for representatives if required, and any Contractor designated holidays observed by his representatives at the task site, are considered indirect costs and such day shall not be directly billable against any task ordered hereunder.

#### **TRAVEL, HOUSEHOLD MOVING AND RELOCATION EXPENSES**

The Contractor shall be reimbursed for travel expenses, household-moving expenses, and relocation expenses incurred by its representatives performing tasks ordered under this contract. Reimbursement for these expenses will be at actual cost, subject to the terms and conditions of this contract. Section B of this contract contains the estimated reimbursable expenses.

(a) When available the Contractor shall direct employees performing tasks ordered hereunder to utilize Government transportation within the continental United States. If such Government transportation is not readily available, transportation may be made by commercial carrier or privately owned automobile and the cost paid by the Contractor, subject to reimbursement in accordance with subparagraph (c) below on presentation of properly certified Reimbursable Expense Claim as required under Section G hereof.

(b) In the event a task ordered hereunder requires travel overseas that is outside of the continental United States, the Government will furnish in addition to necessary transportation within the continental United States, all transportation from the Port of Embarkation in the continental United States to the site of work, between sites of work, and return to the Port of Entry in the continental United States. In the event that the Government Agency furnishing the transportation by Government Carrier requires payment, the Contractor shall pay the cost thereof and be reimbursed pursuant to the terms of this Section. If such Government transportation is not available, transportation may be made by commercial carrier.

(c) When domestic and overseas travel (outside of the continental United States) is by Government or Commercial Carrier, the Government will reimburse the Contractor on the basis of actual cost, and when such travel is performed by private automobile, the Government will reimburse the Contractor at a fixed rate in accordance with the current Joint Travel Regulations rate per mile plus road, ferry and bridge toll, provided that:

(i) In the event Government transportation is available but not utilized, payment for transportation costs shall be limited to the amount of transportation cost incurred had Government transportation been utilized, or the actual transportation costs whichever is lower; and

(ii) Transportation by private or rental automobile is determined to be in the best interests of the Government.

(iii) When travel is performed by private automobile, reimbursable mileage hereunder shall be computed in accordance with the current issue of Rand McNally Standard Highway Mileage Guide.

(d) The cost of transportation reimbursable in the preceding paragraphs (a) through (c) includes only such cost of transportation as are incurred by Contractor's employees in performance of tasks ordered hereunder. Transportation shall be deemed to include travel for Contractor representatives to proceed to site or sites for performance of tasks hereunder, for transfer between task sites and for return of such representatives to contractor's plant upon completion or termination of task, except when reimbursement for travel and time of travel is not allowable under the provisions of the Section C clause entitled "Conditions of Contract." The Contractor shall not be reimbursed as a (direct or indirect) charge under this contract for any costs of transportation for on-base travel at U.S. Military Installations, or for daily travel to and from work.

(e) In the event a task ordered hereunder requires performance at a location-within the continental U.S. for a period of twelve (12) months or more, the Contractor shall be reimbursed for costs of travel and time of travel as set forth in subparagraphs (a) through (d) above, and for actual costs incurred in movement or storage of personnel effects of individual contractor representatives performing there under; provided that in no event shall costs be reimbursed for shipment of personnel effects in excess of 12,000 pounds, based on release at lowest evaluation, or for storage in excess of thirty (30) days or be contrary to FAR 31. Per diem in lieu of reimbursement for household move shall not be allowable for tasks requiring performance in the continental U.S. (CONUS) for periods of twelve (12) months or longer unless authorized by the Commanding Officer, NATEC. Subsistence and lodging costs at the contractor representative's permanent duty station within CONUS shall not be reimbursed unless specifically authorized by other provisions of this contract.

(f) On completion or cancellation of any task ordered hereunder performed within the continental United States, the Contractor will be reimbursed for cost of time and travel of the representative; and for movement and storage of personnel effects as set forth in subparagraph (e) above from location of task performance to Contractor's plant, except as set forth in subparagraph (g) below and the Section C clause entitled "Conditions of Contract".

(g) In the event the Contractor is reimbursed for transportation and moving costs under provisions of subparagraphs (e) above and subsequently removes the technical representative under provisions of the Section C clause entitled "Conditions of Contract", paragraph (f), for convenience of the Contractor, the amount of such reimbursement shall be returned to the Government unless a replacement representative is furnished and all costs incident to such replacement are borne by the Contractor.

(h) The Contractor shall not be reimbursed for movement or storage of personal effects of technical representatives nor for relocation allowances when reimbursement for travel and time of travel is not allowable under the provisions of the Section C clause entitled "Conditions of Contract".

(i) While on an unaccompanied TDY assignment, the Government will not reimburse the contractor for any relocation costs other than the cost of travel and time of travel of the contractor representatives assigned to perform under the ordered task. Relocation costs associated with Short Term Domestic and International tasks, will be directly reimbursed.

(j) Nothing contained herein and notwithstanding FAR 31.205-35 (Relocation costs), shall be construed as imposing an obligation on the Government to reimburse the Contractor for any expenses involving transportation, relocation, subsistence, lodging, travel, and similar expenses of persons other than Contractor representatives assigned to perform task ordered hereunder. Accordingly, unless otherwise stated, only the contractor employee (and not members of the immediate family) will be reimbursed for relocation or travel costs according to the terms of this contract.

#### **SERVICES FURNISHED BY THE GOVERNMENT**

Use of Government communication facilities is authorized for the exchange of messages between Contractor personnel and the Contractor, where and when available and if the Contractor is unable to procure commercial communication services, but the use therefore shall be subject to the regulations of the Representatives of the Government in charge thereof.

(b) Contractor employees will be authorized the use of local Government telephone facilities (except DSN) on a no-charge basis. The authorization shall be limited to official business telephone calls as required in the direct performance of services under this contract. Use of telephones hereunder shall be in accordance with the same local directives as are applicable to Government employees.

(c) Use of DSN capability is not authorized.

#### **EMPLOYMENT OF DEPARTMENT OF DEFENSE PERSONNEL RESTRICTED**

In performing this contract, the contractor will not use as a consultant or employ (on either a full or part time basis) any current Department of Defense (DoD) personnel (civilian or military) without the prior approval of the Contracting Officer. Such approval may be given only in circumstances where it is clear that no laws and no DoD or Navy instruction, regulations or policies might possibly be contravened and no appearance of a conflict of interest will result.

Section D - Packaging and Marking

CLAUSES INCORPORATED BY FULL TEXT

**D-TXT-04 CLASSIFIED MATTER (APR 2002)**

Classified matter, if applicable, will be packed and shipped in accordance with transmission instructions contained in the National Industrial Security Program Operating Manual (NISPOM) and the DD Form 254 attached to this contract.

## Section E - Inspection and Acceptance

**INSPECTION AND ACCEPTANCE**  
**INSPECTION AND ACCEPTANCE**

Final inspection and acceptance of all services performed pursuant to task(s) ordered hereunder shall be made by the Commanding Officer, NATEC, or his/her representative and shall be based on satisfactory performance of the services identified in the Specification and Task Descriptions, Attachments (1) through (7).

(a) The Certificate of Services (Attachment( 9)) is used to document acceptance and satisfactory performance of the Contractor's representative. The certifying officer will annotate the Certificate of Services as to any reported information which cannot be certified or is incorrect. The certifying officer is the Federal Officer at the site of task performance responsible for ensuring that the task is properly performed. The certifying officer is normally the NATEC Officer in Charge at the NATEC Detachment to which the task is assigned. If there is not a NATEC Detachment at the task site, then the maintenance officer of the user activity utilizing the services at the task location will normally be the certifying officer.

(b) The COR shall rely on the certifying officer's certification of the information contained in the Certificate of Services for verification of what services were actually provided to the Government. The Certification of Services will also serve as substantiation that the services provided were satisfactory.

**Section H - Special Contract Requirements****SPECIAL PROVISIONS**  
**SPECIAL PROVISIONS**

- (a) Written notification of task termination will not be issued unless the task termination date is changed from the task termination date specified in the task call-up letter or extension letter or message.
- (b) Logistics Support for U.S. Contractors outside CONUS: The determination concerning Logistics Support such as APO/FPO Military Exchanges, Commissary and Officer Club privileges will be made by the Local Area Commander.
- (c) The Contractor will ensure that all Contractor Field Service technical representatives and Task incumbents:
- (i) Are financially prepared to commence immediate temporary duty assignments upon reporting to task.
  - (ii) Have in their possession at least one set of U.S. TECHNICIAN collar insignia - a collar insignia is defined as a gilt pin 5/8 inches wide by 3/4 inch high bearing the inscription U.S. TECHNICIAN.
  - (iii) Have the appropriate level of clearance required to perform his/her specific task. See Addendum to DD-254, Attachment 8 for task clearance requirements. Also, the contractor must provide Operations Security (OPSEC) protection for classified information (as defined in Industrial Security Directives) and sensitive information (as defined in Public Law 100-235, 8 January 1988) develop or used in performance of this contract.
  - (iv) Are well qualified to perform the task under this contract. The contractor is responsible for supervising techniques used in contract performance and for keeping task incumbents informed of all improvements, changes, and changes of operation.

**REPRESENTATIVES ASSIGNED TO FILL TASKS IN THE WESTERN PACIFIC (WESTPAC)**

- (a) All contractor representatives assigned to fill WESTPAC tasks ordered under this contract, if applicable, shall stop at the following NATEC "embarkation point" to verify possession of proper credentials and to obtain required NATEC endorsements on applicable paperwork prior to departing CONUS:

Commanding Officer  
Naval Air Technical Data and Engineering Service Command (NATEC)  
Code 3.7.1B2  
Building 341, Naval Air Station, North Island  
San Diego, California, 92135-7031

- (b) All representatives are required to have, as a minimum, credentials for entry into Japan. Upon reporting to the NATEC "embarkation point", representatives shall present all necessary credentials including valid passport with Department of State Stamp for entry into Japan.

The contractor is entitled to bill one day of service for the day a representative reports to NATEC "embarkation point" with proper credentials. Contractor personnel reporting to the NATEC "embarkation point" without proper credentials, are not considered to be fully qualified to perform their assignments. Representatives shall not proceed to the WESTPAC assignment until the detachment cited above verifies that the Contractor's representatives possess proper credentials. Representatives having all necessary documentation will have written acknowledgment thereof entered on the Navy Technician Designation (NTD). No compensation for services shall be allowable under this contract until proper credentials are presented to and verified by the NATEC "embarkation point". Time expended

by the representative and costs incurred in connection with obtaining proper credentials shall not be allowable as a direct cost under this contract.

The above activity(ies) or individual(s) is/are responsible for issuing and administering any orders placed hereunder. Ordering Officers may negotiate revisions/modifications to orders, but only within the scope of this contract. Ordering Officers have no authority to modify any provision of this basic contract. Any deviation from the terms of the basic contract must be submitted to the Procuring Contracting Officer (PCO) for contractual action. Ordering Officers may enter into mutual no cost cancellations of orders under this contract and may reduce the scope of orders/tasks, but a Termination for Convenience of Termination for Default may be issued by the PCO.

(b) Task orders. All orders issued hereunder are subject to the terms and conditions of this contract. The contract shall control in the event of conflict with any order. When mailed, an order shall be "issued" for purposes of this contract at the time the Government deposits the order in the mail, or, if transmitted by other means, when physically delivered to the contractor.

(c) A task order shall be issued for each order. In addition to any other data that may be called for in the contract, the following information shall be specified in each order, as applicable:

- (1) Date of order.
- (2) Contract and task order number.
- (3) Applicable contract line item number (CLIN).
- (4) Description of the task to be performed.
- (5) Description of the end item or service.
- (6) DD Form 254 (Contract Security Classification).
- (7) DD Form 1423 (Contract Data Requirements List).
- (8) Exact place of performance.
- (9) The inspecting and accepting codes.
- (10) Estimated cost and fee and level of effort by labor category (and billing rate if known).
- (11) List of Government furnished property and the estimated value of the property.
- (12) Invoice and payment provisions to the extent not covered by the contract.
- (13) Accounting and appropriation data.
- (14) Period of performance.
- (15) Organizational Conflict of Interest provisions.
- (16) Type of order (e.g., completion, term, FFP)

(d) Negotiated Agreement. For task orders with an estimated value of greater than \$[insert dollar threshold], the information contained in each task order with respect to labor categories, man-hours and delivery date shall be the result of a negotiated agreement reached by the parties in advance of issuance of the order.

(1) The Ordering Officer shall furnish the contractor with a written preliminary task order and request for proposal. The request shall include:

- (i) a description of the specified work required,
- (ii) the desired delivery schedule,
- (iii) the place and manner of inspection and acceptance, and

(2) The contractor shall, within the time specified by the preliminary task order, provide the Ordering Officer with a proposal to perform, which shall include:

- (i) the required number of labor hours by labor classification and scheduled billing rates, for each end product or task,
- (ii) overtime hours by labor category,
- (iii) proposed completion or delivery dates,
- (iv) other direct costs (i.e., direct material, travel subsistence, and similar costs)
- (v) dollar amount and type of any proposed subcontracts, and
- (vi) total estimated cost/price.

The cost factors utilized in determining the estimated cost/price under any order shall be the rates applicable at time the order is issued.

(3) Upon receipt of the proposal, the Ordering Officer shall review the estimates therein to ensure acceptability to the Government, enter into such discussions with the contractor as may be necessary to correct and revise any discrepancies in the proposal, and effect whatever internal review procedures are required. Should the Ordering Officer and contractor be unable to reach agreement as to the terms of the order prior to its issuance, the conflict shall be referred to the Contracting Officer.

(4) For task orders under the dollar amount indicated in paragraph (d), the procedures for reaching agreement are as follows:

(i) The Ordering Officer shall issue a fully funded, unilaterally executed task order representing a firm order for the total requirement.

(ii) In the event the contractor cannot perform in accordance with the terms and conditions and within the estimated cost of the task order, he shall:

(A) notify the Ordering Officer immediately,

(B) submit a proposal for the work requested in the task order,

(C) not commence performance until such time that differences between the task order and the contractor's proposal are resolved and a modification, if necessary, is issued.

(e) Total Estimated Dollar Amount. The total estimated dollar amount of each order constitutes a ceiling price for that order. The requirements for notification set forth in Federal Acquisition Regulation (see 5252.232-9507) are applicable to individual task orders. The ceiling amount for each order may not be exceeded unless authorized by a modification to the order. All revisions providing additional funds to a task order will include fee in the same manner as established in the basic task order.

(f) Oral Orders. Oral orders may be placed hereunder only in emergency circumstances. Information described above shall be furnished to the contractor at the time of placing an oral order and shall be confirmed by issuance of a written task order within N/A working days of the oral order.

(g) Modifications. Modifications to orders shall be issued using a Standard Form 30 and shall include the information set forth in paragraph (c) above, as applicable. Orders may be modified orally by the Ordering Officer in emergency circumstances. (Oral modifications shall be confirmed by issuance of a written modification on Standard Form 30 within N/A working days from the time of the oral communication amending the order.)

#### **5252.228-9501 LIABILITY INSURANCE (MAR 1999)**

The following types of insurance are required in accordance with the clause entitled, FAR 52.228-5, "Insurance--Work on a Government Installation" and shall be maintained in the minimum amounts shown:

(a) Comprehensive General Liability: \$200,000 per person and \$500,000 per accident for bodily injury.

(b) Automobile Insurance: \$200,000 per person and \$500,000 per accident for bodily injury and \$500,000 per accident for property damage.

(c) Standard Workman's Compensation and Employer's Liability Insurance (or, where maritime employment is involved, Longshoremen's and Harbor Worker's Compensation Insurance) in the minimum amount of \$100,000.

(d) Aircraft public and passenger liability: \$200,000 per person and \$500,000 per occurrence for bodily injury, other than passenger liability; \$200,000 per occurrence for property damage. Passenger bodily injury liability limits of \$200,000 per passenger, multiplied by the number of seats or number of passengers, whichever is greater.

#### **5252.232-9507 LIMITATION OF FUNDS - TIME AND MATERIAL AND LABOR-HOUR CONTRACTS (NOV 1999)**

(a) The parties estimate that performance of this contract will not cost the Government more than the ceiling price specified in the Schedule or individual Task Order. The contractor agrees to use its best effort to perform the work specified in the Schedule or Task Orders, and all obligations under this contract, within the ceiling price.

(b) The Schedule or individual Task Orders specify the amounts presently available for payment by the Government and allotted to the contract or individual Task Orders, the items covered, and the period of performance it is estimated the allotted amounts will cover. The parties contemplate that the Government will allot additional funds incrementally to the contract or individual Task Orders up to the full ceiling price. The contractor agrees to perform, or have performed, work on the contract up to the point at which the total amount paid and payable by the

Government under the contract and individual Task Orders approximates, but does not exceed, the total amount actually allotted by the Government to the contract.

(c) The contractor shall notify the Contracting Officer in writing whenever it has reason to believe that the costs it expects to incur under the contract or an individual Task Order in the next sixty (60) days, when added to all costs previously incurred, will exceed seventy-five (75%) percent of the total amount so far allotted to the contract or Task Order by the Government. The notice shall state the estimated amount of additional funds required to continue performance for the period specified in the Schedule or Task Order.

(d) Sixty (60) days before the end of the period specified in the Schedule or individual Task Order, the contractor shall notify the Contracting Officer in writing of the estimated amount of additional funds, if any, required to continue timely performance under the contract or for any further period specified in the Schedule or Task Order, or otherwise agreed upon, and when the funds will be required.

(e) If, after notification, additional funds are not allotted by the end of the period specified in the Schedule or individual Task Order, or another agreed upon date, upon the contractor's written request the Contracting Officer will terminate the contract or individual Task Order on that date, in accordance with the provisions of the Termination clause of this contract. If the contractor estimates that the funds available will allow it to continued to discharge its obligations beyond that date, it may specify a later date in its request, and the Contracting Officer may terminate the contract or individual Task Order on that later date.

(f) Except as required by other provisions of this contract, specifically citing and stated to be an exception of this clause -

(1) The Government is not obligated to reimburse the contractor for costs incurred in excess of the total amount allotted by the Government to this contract; and

(2) The contractor is not obligated to continue performance under this contract or individual Task Orders (including actions under the Termination clause of this contract), or otherwise incur costs in excess of the amount then allotted to the contract or Task Order by the Government, until the Contracting Officer notifies the contractor in writing that the amount allotted by the Government has been increased and specifies an increased amount, which shall then constitute the total amount allotted by the Government to the contract or Task Order.

(g) The ceiling price shall be increased in accordance with the provisions of FAR clause 52.232-7, "Payments Under Time-and-Materials and Labor-Hour Contracts".

(h) No notice, communication, or representation in any form other than specified in subparagraph (f)(2) above, or from any person other than the Contracting Officer, shall affect the amount allotted by the government to this contract or an individual Task Order. In the absence of the specified notice, the Government is not obligated to reimburse the contractor for any costs in excess of the total amount allotted by the Government to this contract, whether incurred during the course of the contract or as a result of termination.

(i) When and to the extent the amount allotted by the Government to the contract or an individual Task Order is increased, any costs the contractor incurs before the increase that are in excess of the amount previously allotted by the Government shall be allowable to the same extent as if incurred afterward, unless the Contracting Officer issues a termination or other notice and directs that the increase is solely to cover termination or other specified expenses.

(j) Change orders shall not be considered an authorization to exceed the amount allotted by the Government specified in the Schedule or individual Task Order, unless they contain a statement increasing the amount allotted.

(k) Nothing in this clause shall affect the right of the Government to terminate this contract or an individual Task Order. If this contract or a Task Order is terminated, the Government and the contractor shall negotiate an equitable distribution of all property produced or purchased under the contract or Task Order, based upon the share of costs incurred by each.

#### **H-TXT-02 DESIGNATION OF CONTRACTING OFFICER'S REPRESENTATIVE (APR 2002)**

(b) The Contracting Officer has designated:

NAME:	Kazuko Clawson
CODE	3.3.1

ADDRESS Naval Air Technical Data and Engineering Service Command  
NAS North Island, PO BOX 327031  
San Diego, CA 92135-7031

PHONE (619) 545-1815

as the authorized Contracting Officer's Representative (COR) for this contract/order.

(b) The COR is responsible for monitoring the performance and progress, as well as overall technical management of the orders placed hereunder and should be contacted regarding any questions or problems of a technical nature. In no event, however, will any understanding or agreement, modification, change order, or other matter deviating from the terms of the contract between the Contractor and any person other than the Contracting Officer be effective or binding upon the Government, unless formalized by proper contractual documents executed by the Contracting Officer prior to the completion of this contract.

(c) When, in the opinion of the Contractor, the COR requests effort outside the scope of the contract, the Contractor will promptly notify the Contracting Officer in writing. No action will be taken by the Contractor under such technical instruction until the Contracting Officer has determined if such effort is within the contract scope, and, if not, has issued a contract change.

The following individual has been designated as ACOR for this contract:

#### CLAUSES INCORPORATED BY FULL TEXT

##### **52.216-18 ORDERING (OCT 1995)**

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from contract award through the end of the performance period.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) If mailed, a delivery order or task order is considered "issued" when the Government deposits the order in the mail. Orders may be issued orally, by facsimile, or by electronic commerce methods only if authorized in the Schedule.

##### **52.216-19 ORDER LIMITATIONS (OCT 1995)**

(a) Minimum order. When the Government requires supplies or services covered by this contract in an amount of less than \$500, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) Maximum order. The Contractor is not obligated to honor--

(1) Any order for a single item in excess of the maximum amount specified in the clause in section H entitled, "5252.216-9506, Minimum and Maximum Quantities (MAR 1999)(NAVAIR)";

(2) Any order for a combination of items in excess of the maximum amount of the contract; or

(3) A series of orders from the same ordering office in the course of the contract period specified in section F entitled, "CONTRACT PERIOD OF PERFORMANCE (SPECIFIC DATES)" which will call for quantities exceeding the limitation in subparagraph (1) or (2) above.

(c) If this is a requirements contract (i.e., includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) above.

(d) Notwithstanding paragraphs (b) and (c) above, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within 10 days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

**52.216-22 INDEFINITE QUANTITY (OCT 1995)**

(a) This is an indefinite-quantity contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies and services specified in the Schedule are estimates only and are not purchased by this contract.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. The Contractor shall furnish to the Government, when and if ordered, the supplies or services specified in the Schedule up to and including the quantity designated in the Schedule as the "maximum." The Government shall order at least the quantity of supplies or services designated in the Schedule as the "minimum."

(c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after the end of the performance period.

**52.217-8 OPTION TO EXTEND SERVICES (NOV 1999)**

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within one day of the end of the contract.

**52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)**

(a) The Government may extend the term of this contract by written notice to the Contractor within one day of the end of the contract; provided, that the Government gives the Contractor a preliminary written notice of its intent to extend at least 30 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 24 months.

**52.232-18 AVAILABILITY OF FUNDS (APR 1984)**

Funds are not presently available for this contract. The Government's obligation under this contract is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are made available to the Contracting Officer for this contract and until the Contractor receives notice of such availability, to be confirmed in writing by the Contracting Officer.

**52.232-19 AVAILABILITY OF FUNDS FOR THE NEXT FISCAL YEAR (APR 1984)**

Funds are not presently available for performance under this contract beyond Sep 05. The Government's obligation for performance of this contract beyond that date is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise for performance under this contract beyond Sep 05, until funds are made available to the Contracting Officer for performance and until the Contractor receives notice of availability, to be confirmed in writing by the Contracting Officer.

**52.252-2 CLAUSES INCORPORATED BY REFERENCE (FEB 1998)**

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es): [www.arnet.gov/far/](http://www.arnet.gov/far/) or [www.farsite.hill.af.mil/](http://www.farsite.hill.af.mil/)

**52.252-6 AUTHORIZED DEVIATIONS IN CLAUSES (APR 1984)**

- (a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause.
- (b) The use in this solicitation or contract of any Defense Federal Acquisition Regulation (48 CFR Chapter 2) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

**SPECIFICATION - CONTRACTOR FIELD SERVICES (CFS)**

1. **General:** The primary purpose of Contractor Field Services (CFS) is to provide on-site proficiency training, technical guidance and information in the evaluation of unusual field problems and render technical guidance related specifically to the equipment cited in the contract schedule. The object of contract field services is to elevate the technical skills and abilities of Military and Civilian personnel of the Department of Defense responsible for the operation and maintenance of the system/equipment to the level of self-sufficiency.

2. **Work Specification:** The contractor shall provide contract field services to accomplish the purpose and objective specified in paragraph (1) above. Specific delineation of tasks are:

a. Provide on-site classroom and on-the-job training to Military and Civilian personnel of the Department of Defense on maintenance and operation techniques pertaining to adjustment, calibration, troubleshooting, bench check, routine maintenance, inspection and repair of the assigned system/equipment, including related control equipment.

b. Provide guidance and instruction on the use of associated special tools and test equipment.

c. Devise local training course outlines, lesson plans and written examinations, including guidance to military and civilian personnel of the Department of Defense in identifying needed training programs.

d. Emphasize safety precautions to be taken in all training provided.

e. Demonstrate best method of installing modifications, retro-fit kits, etc.

f. Render technical guidance to resolve difficult and unusual maintenance problems.

g. Provide an analysis of maintenance difficulties and advise on the establishment of changes to maintenance, inspection and training programs designed to improve the quality of maintenance.

h. Provide a liaison through which technical information related to maintenance and operational problems available in the plant, can quickly be disseminated to Military and Civilian personnel of the Department of Defense.

i. Provide a liaison through which information related to installation kit, check out procedures and related data problems can be quickly relayed to the plant for correction and/or resolution.

j. Provide guidance to maintenance personnel in preparing failure data reports and unsatisfactory reports.
