C. Full & Open Competition - Identify:	\$	\$	\$	\$	\$
D. Restricted Disadvantaged Competition - Identify:	\$	\$	\$	\$	\$

### III. METHOD USED TO DEVELOP GOALS

- A. Proposed subcontracting goals as identified in Section I, F. Subcontracting Goal Summary were developed by a joint pre-proposal review of the solicitation statement of work and performance requirements, including labor category qualifications and requirements to provide resumes for all personnel proposed (both key and non-key personnel). The joint review involved program, technical and procurement personnel including, the Sector Business Unit Manager, Proposed Contract Program Manager, and the Contracts/ Individual Subcontract Plan Administrator.
- B. Criteria considered in the review process included:
1. Review of the solicitation statement of work.
  2. Identification of the requirement for goods and services.
  3. Identification of the potential to subcontract for goods and services.
  4. Make - Buy Analysis.
  5. Identification of potential suppliers.
  6. Categorization of source requirements based on single source, limited competition and open competition as provided by the marketplace or could potentially be developed.

### IV. INDIRECT AND OVERHEAD CHARGES

Indirect and overhead charges are not included in this subcontracting plan.

## V. METHOD OF IDENTIFICATION /SOLICITATION

The development of goals as described in Section III resulted in the identification of potential/proposed subcontracting opportunities. The review process identified provided a categorization of items available from single sources, limited competition and full and open competition. Some single source items are available from "only qualified sources" as determined from previous programs of a similar nature.

Items available for limited or open competition provide the opportunity to subcontract to S/SDB/WOB/HUBZone/HBCU/MI/VOB/SDVOB/JWOD.

Although not under official mentor/protégé relationships, we have assisted many small businesses in proposal preparation activities for their NAVSEA Seaport contract rolling admission proposals. Additionally, we have recently assisted a San Diego based small business company in setting up indirect rate proposal submittals to the DCAA as well as assisting in understanding government approved accounting processes and set up.
