

# NAVAL AIR WARFARE CENTER

## TRAINING SYSTEMS DIVISION

DOING BUSINESS WITH NAWCTSD

# WHO IS NAWCTSD?

**The Naval Air Warfare Center Training Systems Division (NAWCTSD) is the Navy's principal center for modeling, simulation and training systems technologies. NAWCTSD provides training systems development for a wide spectrum of military programs, including aircraft, surface ships, submarines and other specialized requirements.**

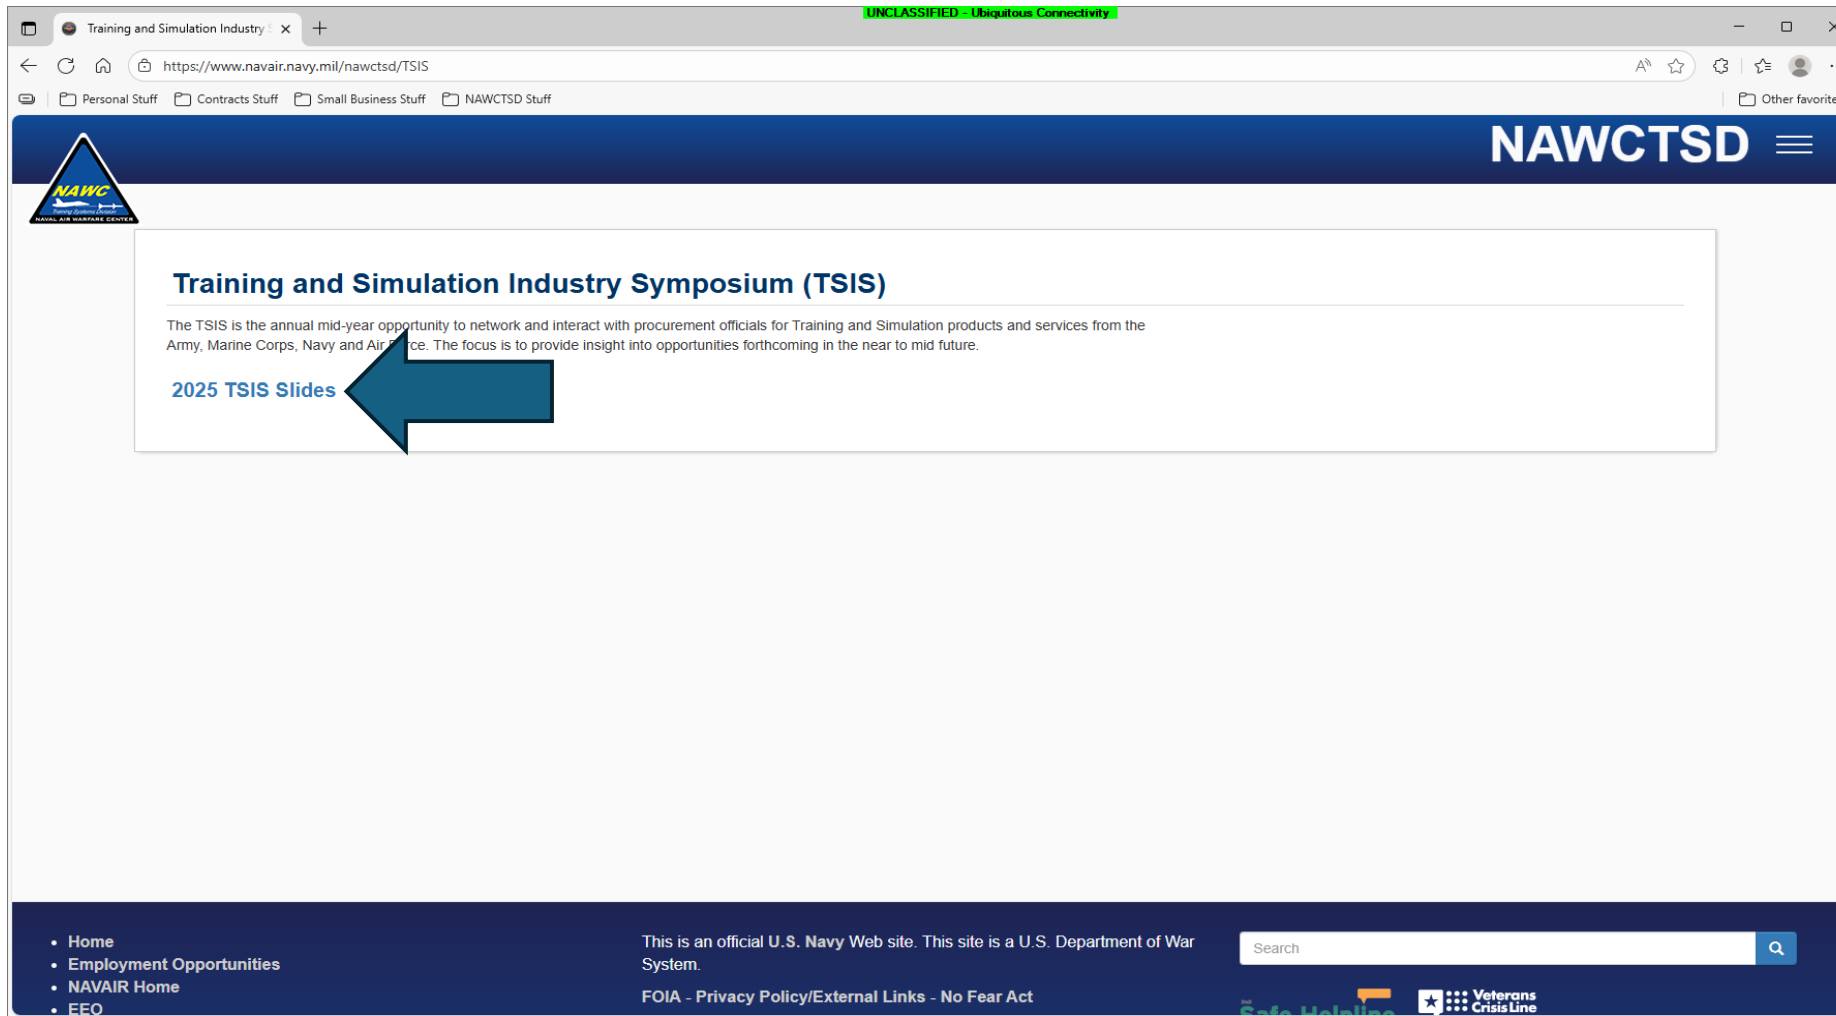

- **Product Lines:**
  - **Training Systems (Aviation, Undersea, Surface, Cross Warfare)**
  - **Training Services (Fielded Systems Support under Contractor Operation and Maintenance of Simulators)**
  - **Training Content (Curriculum, Software-Based Courseware, Student Guides, and Job Aids)**
  - **Intellectual Services (Research & Development, Front-End Analysis)**

#### Multiple Awards Contracts

##### Pilot and Aircrew Curriculum Revision and Maintenance (PACRM)

The PACRM encompasses the procurement of multiple planned and unplanned revision and maintenance of Pilot and Aircrew curriculum for the U.S. Navy, U.S. Marine Corps, and foreign military.

Four basic contracts awarded in May 2021 with a Ceiling Amount of \$90 Million. The ordering period consists of a five (5) year base period and one (1) two-year option ordering period, for potential ordering period of 7 years. If all option periods are exercised, the ordering period will end by 30 April 2028 with all performance complete by 2032.

[PACRM Point of Contacts List](#)

##### Fielded Training Systems Support V (FTSS V)

The FTSS V Multiple Award Contract (MAC) encompasses the procurement of Contractor Operation and Maintenance Services and Contractor Instructional Services in support of Training Systems.

Seven basic contracts for LOT I (Unrestricted) and Two basic contracts for LOT 2 (Small Business Set-Aside) were awarded in July 2022 with a Ceiling Amount of \$1.31B. The ordering period is for 5 years with three (3) 1-year option ordering periods, for a potential ordering period of 8 years. If all option ordering periods are exercised, the ordering period will end by August 2030 with all performance complete by 2033.

[FTSS V Point of Contacts List](#)

##### Training System Contract IV (TSC IV)

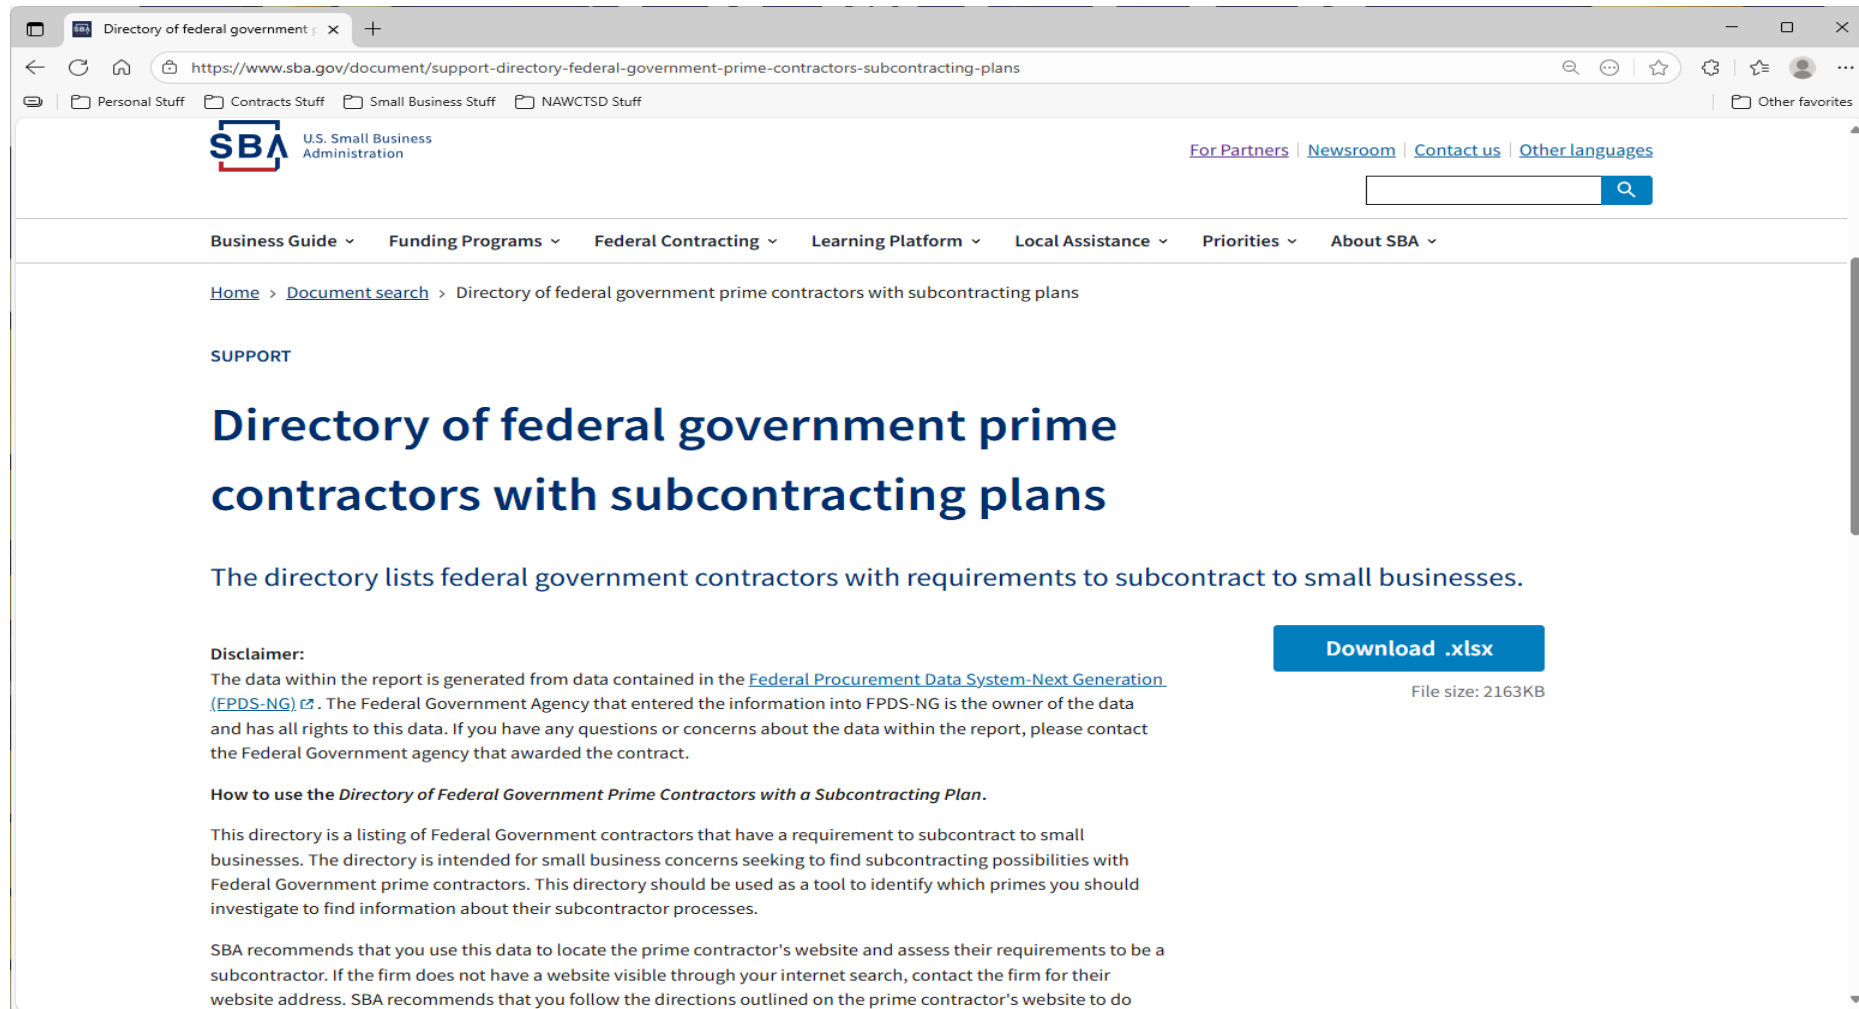

The TSC IV encompasses the procurement of Training System design, development, production, test and evaluation, delivery, modification, and support.

Twenty-three basic contracts awarded in November 2018 with a Ceiling Amount of \$980M. The ordering period is for 5 years with one (1) 2-year option ordering period and two (2) 1-year option ordering periods, for a potential ordering period of 9 years. If all option ordering periods are exercised, the ordering period will end by November 2027 with all performance complete by 2029.

## SBA Directory of Federal Government Prime Contractors with Subcontracting Plans <https://www.sba.gov/document/support-directory-federal-government-prime-contractors-subcontracting-plans>

The screenshot shows a web browser window displaying the SBA website. The address bar shows the URL: <https://www.sba.gov/document/support-directory-federal-government-prime-contractors-subcontracting-plans>. The page header includes the SBA logo and navigation links: [For Partners](#), [Newsroom](#), [Contact us](#), and [Other Languages](#). A search bar is also present. The main navigation menu includes: [Business Guide](#), [Funding Programs](#), [Federal Contracting](#), [Learning Platform](#), [Local Assistance](#), [Priorities](#), and [About SBA](#). The breadcrumb trail reads: [Home](#) > [Document search](#) > Directory of federal government prime contractors with subcontracting plans. The main heading is "Directory of federal government prime contractors with subcontracting plans". Below the heading is a "SUPPORT" section. A blue button labeled "Download .xlsx" is visible, with a file size of 2163KB. The page content includes a disclaimer and instructions on how to use the directory.

**Disclaimer:**  
The data within the report is generated from data contained in the [Federal Procurement Data System-Next Generation \(FPDS-NG\)](#). The Federal Government Agency that entered the information into FPDS-NG is the owner of the data and has all rights to this data. If you have any questions or concerns about the data within the report, please contact the Federal Government agency that awarded the contract.

**How to use the *Directory of Federal Government Prime Contractors with a Subcontracting Plan*.**  
This directory is a listing of Federal Government contractors that have a requirement to subcontract to small businesses. The directory is intended for small business concerns seeking to find subcontracting possibilities with Federal Government prime contractors. This directory should be used as a tool to identify which primes you should investigate to find information about their subcontractor processes.

SBA recommends that you use this data to locate the prime contractor's website and assess their requirements to be a subcontractor. If the firm does not have a website visible through your internet search, contact the firm for their website address. SBA recommends that you follow the directions outlined on the prime contractor's website to do

# SUBCONTRACT OPPORTUNITIES

## SBA's SUBNet (Subcontracting Network)

<https://www.sba.gov/federal-contracting/contracting-guide/prime-subcontracting/subcontracting-opportunities>

UNCLASSIFIED - Ubiquitous Connectivity

Office of Small Business Programs

NAWCTSD

Office of Small Business Programs

NAWCTSD's mission requires the innovation, agility, efficiency, and value that small businesses bring to the Warfighter. NAWCTSD assists small businesses and socio-economic small businesses in obtaining a fair proportion of its acquisition dollars through prime and subcontracting opportunities. The Director for Small Business Programs acts directly for and on behalf of the NAWCTSD Commanding Officer regarding small business matters and is responsible for ensuring active engagement across the command and between NAWCTSD and the small business community.

Interested in doing business with NAWCTSD? Here's what to do next:

- Download and review the ["Doing Business with NAWCTSD Briefing"](#) which provides information about what we buy, our research interests, where to find

# NAWCTSD: FY25 SB GOALS ATTAINMENT

### Upcoming Outreach Events:

#### NAVAIR OSBP General Information Sessions

We encourage you to attend one of our NAVAIR OSBP **General Information Sessions**. This NAVAIR OSBP General Information Session familiarizes businesses with how to do business with NAVAIR, introduces resources to help them become procurement-ready, and emphasizes the importance of "doing the homework" before contacting any buying command. Topics covered include: an overview of NAVAIR, its organizational structure and echelon commands, the importance of SAM registration and company profiles, market research and networking sources (including select federal and civilian systems/organizations), and the DoD Mentor-Protégé Program. The top 10 NAICS codes for the NAVAIR Enterprise and each of its echelons are also provided for future reference. While this session offers a general overview of NAVAIR, it also provides valuable information for those preparing to do business with the federal government.

(Hosted by OSBP Site Directors at NAWCAD-Pax River & NAVAIR HQ)

## Other Transaction Authority (OTA)

### What is an "Other Transaction"

Other Transactions (OTs) are procurement instruments other than contracts, grants, or cooperative agreements enabling flexible business arrangements generally used to acquire research and development, support technology advancement, or develop a prototype. Federal agencies have varying statutory authorizations for OT uses, limitation, and restrictions. See [Agencies Authorized to Use OTs](#) below for details.

Many laws and regulations governing federal contracts do not apply to OTs (e.g., Federal Acquisition Regulation (FAR) an agency supplements, Competition in Contracting Act (CICA), Cost Accounting Standards (CAS), Truth in Negotiations Act (TINA)), however, the Procurement Integrity Act applies and competitive practices are applicable to the maximum extent practicable. OTs are not subject to the procurement protest process ([FAR Part 33](#)), but may be protested to the U.S. Court of Federal Claims. GAO has limited jurisdiction to review OT decisions.

OTs are a mechanism to access innovative solutions, especially from \*non-traditional contractors who may be challenged by requirements of traditional contracts, grants, or cooperative research and development agreements. OTs can be used with traditional contractors when applicable statutory requirements are met. OTs allow for flexibility to negotiate terms and conditions beyond what is permitted under statutes and regulations that apply to FAR-based contracts. OT agreements may be fixed-price, expenditure-based, or hybrid.

*\*32 CFR §3.4 defines a non-traditional defense contractor as a [business unit](#) that has not, for a period of at least one year prior to the date of the OT agreement, entered into or performed on (1) any contract that is subject to full coverage under the cost accounting standards prescribed pursuant to section 26 of the Office of Federal Procurement Policy Act ([41 U.S.C. 422](#)) and the regulations implementing such section; or (2) any other contract in excess of \$500,000 to carry out prototype projects or to perform basic, applied, or advanced research projects for a Federal agency, that is subject to the Federal Acquisition Regulation.*

# Other Transaction Authority (OTA)

<https://aida.mitre.org/ota/existing-ota-consortia/>

The screenshot shows a web browser window displaying the MITRE AiDA website. The page title is "Existing Other Transaction (OT) Consortia". The header includes the MITRE AiDA logo and navigation links for "Hot Topics", "Blog", "Resources", and "About Us". A navigation bar below the header lists categories: "OSD Sponsored", "Air Force/Space Force Sponsored", "Army Sponsored", "Navy Sponsored", and "Non-DoD Sponsored". The main content area is titled "OSD Sponsored OT Consortia" and features a section for the "Cornerstone Consortium". To the left of the text is a 3D cube icon with a blue ribbon. The text describes the consortium's government sponsor, management entity, and focus/mission. A "Technology Focus Areas" section is partially visible at the bottom.
